Principal's Message

Next week, is NAIDOC week. Aboriginal and Torres Strait Islander peoples are the Traditional Owners of the lands of Australia. They have cared for this country for more than 65, 000 years. Their rich and continuous history, culture and traditions are interwoven through ceremonies, stories, art work, songs and dances.

We would like to acknowledge the Wurundjeri people of the Kulan nation, the traditional owners of the land we are on and pay our respects to Elders past present and emerging.

All cultures have storytelling as a common thread that helps us to understand our environment our culture and the ways we live in the world. One story or song line that has always resonated with me is "Grandmothers Country". You can look up this painting by

Gabrielle Possum. I am not of this culture so cannot share the true story behind it but I would like to share with you how it influences me and the way I feel about leading a school.

This art work has resonated with me personally and professionally for many years and it came surfacing back to ground me as we head into this new chapter in the story of the Roxburgh Homestead learning community.

<https://aiatsis.gov.au/publications/presentations/aboriginal-grandmothers-law>

This is an explanation from a presentation given for the department by Presenter Ms Colleen Wall

"In First nation cultures, languages and law

Grandmother's Law is one half of Land Law where men and women hold balanced positions with reciprocal responsibilities for maintaining societal equilibrium.

Grandfathers look outwardly, protecting the camp.

Grandmothers look inwardly, nurturing new generations of respectful, responsible and resilient youth who will 'look after country' to benefit both land and people.

Reinstating this teaching system within our respective lands develops continuous knowledge of children's 'place' in society and responsibilities as parents.

Righting wrongs perpetrated by past policies and present practices in removing children is a new Grandmother's responsibility. A network to 'find right kin for kids' is essential and working to inform Judiciary with 'cultural reports' for children in care ensures they maintain cultural connection with family and country.

Developing Grandmother's cultural control of traditional practice and connection to country is essential to developing economic outcomes for Traditional Owners in maintaining Native Title and exercising respective bundle of rights.

Knowing who has right to control stories and their use in economic gain is paramount. Starting discussions on this issue is clearly Grandmother's responsibility as we are the ones in the first instance as teachers of young people in Land Law, respect and responsibilities. "

For me it reminds me of my connection to my grandmother and the incredible story teller she was. Memories of cooking, sharing wisdom and the most amazing hugs that made you feel cherished. Nana's place was full of welcome, food stories and compassion. It was also a place where the rules weren't as strict and you got to be much more independent and grown up.

As a teacher and leader and a parent, it resonates with the ideas that as a community we partner to tell our learning journeys to gain wisdom and insight from all and we practice the skills to nurture each other socially, culturally and academically.

It's a forgiving place where we can learn from our mistakes and connect and empower ourselves and each other to grow and achieve through tough times and through good. We create the narrative of problem solving, promise/potential, resilience and persistence. We create the story map to be honest, successful, and respectful and take pride in our learning. It makes me think of being generationally connected and responsible as custodians of the environment and society to be healthy and robust and democratic for our children and in turn as they take the reins for our children's children. We partner with families to share stories gain understanding and compassion for the road ahead and to ensure we are putting our kids at the centre of all we do. Together looking outwardly and inwardly to support our kids to grow and thrive. As I am not of this culture I can only access the outside story and connection

to this beautiful art. What It is inspiring me to do is to create my own inside story of depth and meaning and connection. I hope in some way it can inspire you to start our journey inwards as leaders of our community.

Kind regards
Teresa
Principal

Sunsmart Reminder

From Tuesday 1st September, 5 things to remember...

UV levels in Victoria are on the rise again so from September it will be time to grab your sun protection gear and do the SunSmart Countdown. Whenever UV levels reach 3 and above, sun protection is needed because that is when the sun can start to damage skin and eyes and lead to skin cancer.

1. Use a combination of the following five sun protection measures:
2. Slip on clothing that covers as much skin as possible (no singlet tops)
Slop on SPF30+ broad spectrum sunscreen (remember to reapply it before going outside)
Slap on a wide brimmed hat that shades the head, face, neck and ears)
3. Seek shade
4. Slide on some wraparound sunglasses (labelled AS 1067).

If you have any learning needs that you would like to let us know of, in regards to your child for next year, we need to know in writing by Wednesday 11th November.

Planning for 2021

If you are returning in 2021 and need to communicate any **educational needs** for your child for next year, please put it in writing addressed to the Principal and mark confidential. Your information or request should centre on your child's learning and social needs. This is **not** a request for teachers and such requests cannot be accommodated. **Closing date is Wednesday 11th November 2020.**

We are at that time of year when we begin to organise classes for 2021. To assist us with this task I would request that any families who will NOT be returning to Roxburgh Homestead PS next year, please fill out the slip on page two and return it to the office as soon as possible.

2021 Student Transfer Information

Please fill out and return to the office by 4.pm **FRIDAY 13 NOVEMBER** if your child/ren are **NOT** returning to Roxburgh Homestead Primary School next year.

100 Days of School

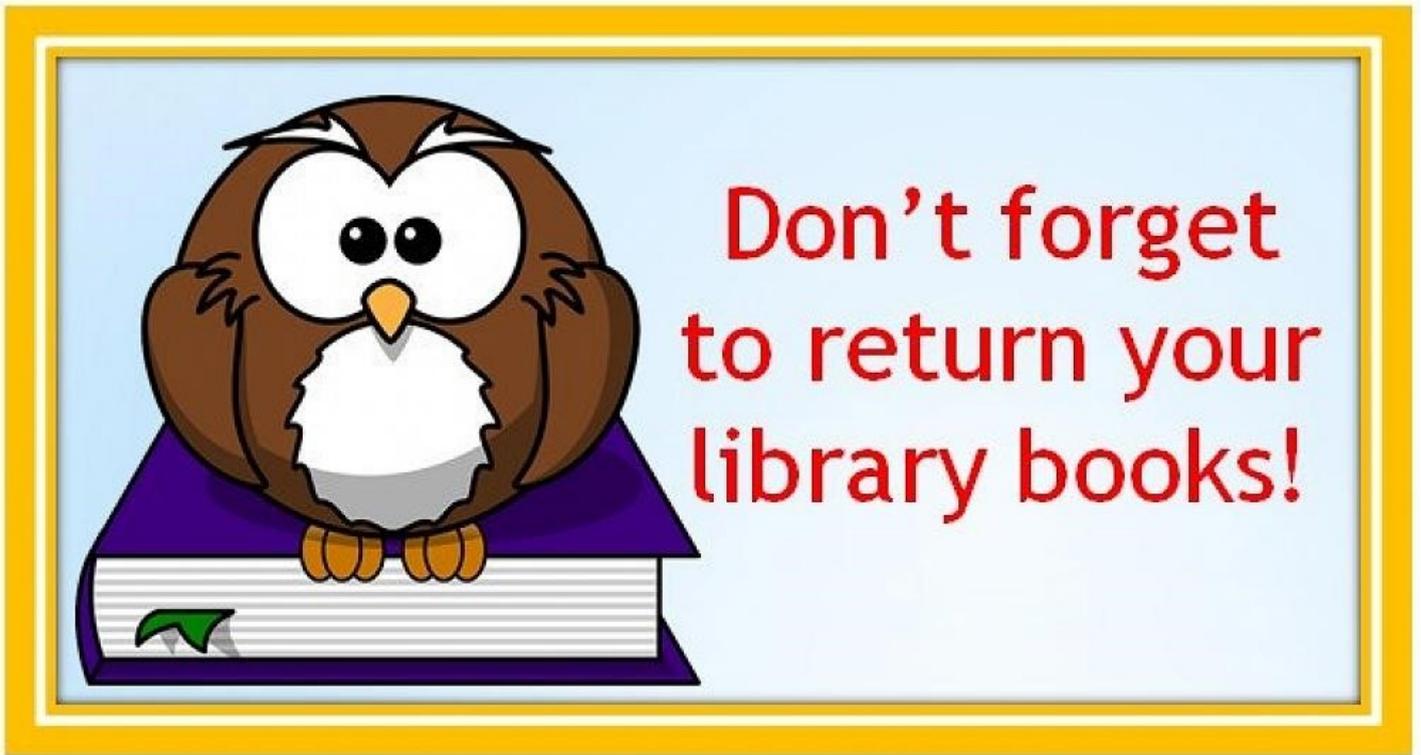

On the 27th of October, the preps FINALLY celebrated their 100th day of school!

We had a Covid safe celebration in the courtyard, played games and completed hands on activities that involved the number 100.

The preps were so excited to commemorate this momentous day. It was a very special day full of fun and learning.

OVERDUE LIBRARY BOOKS!

Thank you to the many families who have reminded their children to return their overdue library books. There are still just under 100 books to be returned which were borrowed early in the year. If you received an email recently or your child has brought home an overdue note, please make sure their library book is returned promptly.

It has been a very disruptive year to date with the changes in learning owing to COVID-19, so it's understandable these books could have been overlooked.

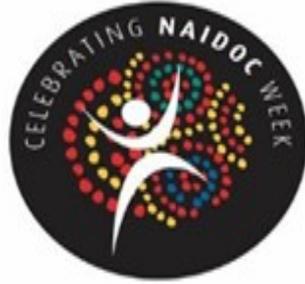

If you have any queries, please contact the school library (Monday to Wednesday) on 9305 1688

ROXY MARKET DRONE SESSION!

What a hit our Drone Sessions have been this year!

Students have been cashing in their Roxy Market Cards for this ultimate prize

Always Was, Always Will Be.

This year National NAIDOC Week will be held from Sunday 8 November to Sunday 15 November, after being postponed in July due to coronavirus (COVID-19).

NAIDOC Week celebrations are held across Australia each July to celebrate the history, culture and achievements of Aboriginal and Torres Strait Islander peoples. NAIDOC is celebrated not only in Indigenous communities, but by Australians from all walks of life. The week is a great opportunity to participate in a range of activities and to support your local Aboriginal and Torres Strait Islander community.

NAIDOC originally stood for 'National Aborigines and Islanders Day Observance Committee'. This committee was once responsible for organising national activities during NAIDOC Week and its acronym has since become the name of the week itself.

2020 Parent Opinion Survey

WE WANT FEEDBACK FROM OUR COMMUNITY

Our school is conducting a survey to acquire feedback from our school community. The Parent Opinion Survey is an annual survey offered by the Department of Education and Training that is conducted amongst all parents.

It is designed to assist schools in gaining an understanding of parents' perceptions of school climate, student behaviour, student engagement and experiences of remote and flexible learning. Our school will use the survey results to help inform and direct future school planning and improvement strategies.

All parents will be invited to participate in this year's survey. All responses to the survey are anonymous. This year, the Parent Opinion Survey will be conducted from **Monday 12th October to Friday 13th November.**

Please use this link <https://www.orima.com.au/parent> and School Pin 127127 to access and complete the survey.

The survey will be conducted **online**, only takes **20 minutes** to complete, and can be accessed at any convenient time within the fieldwork period on desktop computers, laptops, tablets or smartphones.

The online survey will be available in a range of languages other than English. These include: Arabic, Vietnamese, Mandarin, Chin (Hakha), Hindi, Japanese, Somali, Turkish, Punjabi and Greek

LICE ARE NOT NICE.

(BUT ANYONE CAN GET THEM)

1. These are head lice... tiny insects that live on the scalp. (Shown in actual size)

2. If you get lice, you may not be able to see them. But you'll feel them... because they make your head *itch*.

3. Lots of kids get lice, because they spread very easily even though they can't jump or fly.

4. So don't try on your friends' hats, scarves or other clothing, or borrow their combs or brushes.

5. If your head itches a lot, tell your teacher or the nurse right away.

6. You may not have lice, but they can tell if you do.

10. So you won't itch anymore!

9. Your parents will also wash or dry-clean your bedding and clothing, and use a special spray that kills lice on carpets and furniture.

8. Then they'll use a special comb to help get all the lice and lice eggs out of your hair.

7. If you do, your parents will wash your hair with a special shampoo the nurse recommends. It kills lice *fast*, but it won't hurt you.
